Paris, France

Dear Sir:

Through Mr. Edward D. Adams, an Honorary Governor and Councilor of our Society, we have had transmitted as a gift from you two very beautiful plaques by G. Dupre. We are very glad to have these examples of the very fine work of one of the best of the French medallists to add to our collection, in which they will be given a place of honor. Please accept our very cordial thanks for your generous gift.

Should you visit New York, we should be very much gratified to have you visit our Museum to give us an opportunity of thanking you in person.

Very respectfully,

Secretary
